

- 1 **ENERGY STAR CERTIFIED** Natural Gas Dryer with Combined Energy Factor (CEF) of 3.48. Must be replacing an existing natural gas dryer; **\$70 Rebate.**
- 2 **ENERGY-EFFICIENT** Residential Freestanding Natural Gas Ovens (rebate available for some eligible models); **\$120 Rebate.**
- 3 **ENERGY STAR CERTIFIED** Natural Gas Tankless Water heaters include:
 - **\$80 Rebate:** High efficiency models that meet a minimum Uniform Energy Factor of 0.82-0.86
 - **\$900 Rebate:** ENERGY STAR certified models with a Uniform Energy Factor of 0.87-0.94
 - **\$1,100 Rebate:** ENERGY STAR certified models with a Uniform Energy Factor of 0.95
 - **\$1,300 Rebate:** ENERGY STAR certified models with a Uniform Energy Factor of 0.96 - 0.97
 - **\$1,200 Rebate:** ENERGY STAR certified models with a Uniform Energy Factor of 0.98 or above
 - Find qualifying ENERGY STAR natural gas tankless water heaters at energystar.gov
- 4 **HIGH-EFFICIENCY** Natural Gas Storage Water Heaters
 - **\$75 Rebate** - Residential ENERGY STAR Certified Natural Gas Storage Water Heater (up to 55 gallons)
- 5 **QUALIFYING** Natural Gas Pool Heaters include:
 - **\$600 Rebate:** Tier I - Thermal Efficiency (84% - 89% TE)
 - **\$1,500 Rebate:** Tier II - Thermal Efficiency (90% TE or above)
- 6 **ENERGY STAR CERTIFIED** Natural Gas Furnaces Include:
 - **\$1.40 per kBtuh Rebate:** 92-94% Annual Fuel Utilization Efficiency (AFUE)
 - **\$10 per kBtuh Rebate:** 95-96% AFUE
 - **\$25 per kBtuh Rebate:** 97% AFUE or above
- 7 **QUALIFYING** Natural Gas Fireplace Inserts include:
 - **\$300 Rebate:** Tier 1- Thermal Efficiency (70-74.9% FE)
 - **\$500 Rebate:** Tier II- Thermal Efficiency (75% FE or greater)
- 8 **ENERGY-EFFICIENT** Residential Natural Gas Wall Ovens. (rebate available for some eligible models); **\$500 Rebate.**

9 **PROOF OF PURCHASE REQUIREMENTS**

While you may install some of the products yourself, some should be installed using a licensed contractor. Proof of purchase and other documentation required to process your rebate application may differ depending on who completes the installation. All products must be installed prior to submitting your completed forms and other required documentation.

Home improvement contract (HIC) and/or paid invoice/ receipts may be used as proof of purchase. The Contractors State License Board (CSLB) requires that licensed contractors provide you with an HIC if the materials and labor total for the product(s) and installation is \$500 or more. It is recommended that you request an HIC from your contractor even if the contractor installation was less than \$500. If an HIC is your proof of purchase, it must be the original given to you by your contractor and must be signed and dated by both you and your licensed contractor. If the signatures are not dated, the date that the HIC was written will determine the product purchase date.

Proof of Purchase must include the following information: 1. Retailer or contractor name, business address and phone; 2. Itemized description of each product (including such information as: Manufacturer, product make and model number(s), and other identifying information); Equipment-only cost; 3. Invoice which includes purchase price per product, and notes "Paid in Full" or lists payment terms if applicable; 4. Product installation date, unless self-installed; 5. Cash on delivery (C.O.D.) will be accepted as proof of purchase provided C.O.D. invoice is accompanied by a delivery receipt, or an install date is noted on the invoice.

Altered receipts will not be accepted.
